

DUEL IN THE STREET AT LEBANON, IND.

A BLOODY AFFRAY WAS EN- ACTED YESTERDAY.

Wallace Riley Enraged at the Marriage of His Daughter to Harry Allen, Attempts to Kill the Boy's Father, But Is Himself Shot Dead.

Lebanon, Ind., June 2.—Wallace Riley, for many years a highly respected citizen of Lebanon, lies dead in Bechtel's morgue, with a bullet in his brain, as a result of a shooting which took place between him and Thomas Allen, a prominent stock dealer, in the lobby of the Lebanon post-office, at 8 o'clock Monday morning. The killing was partly due to the marriage of Miss Jessie Riley, the 24-year-old daughter of the victim, to Harry Allen, son of the slayer, aged 17. The young people had been "keeping company" for the last two years, but the parents of both parties objected to a marriage between them. Allen was sent away to school by his father. After his departure it was supposed the courtship had been discontinued, and everything moved along smoothly until last Friday evening, when Miss Riley came up to town and failed to return home. A search disclosed the fact that a marriage license had been issued.

Mr. Riley was at the Clerk's office when Clerk Scott came down Saturday morning. He was very angry, and abused the clerk and his deputies. He also accused the elder Allen of assisting the couple, and went home after his revolver with the avowed intention of killing Allen. All Saturday morning he spent searching for Allen, but did not find him until 3 o'clock in the afternoon. He greeted Allen with the words: "I'm going to kill you; prepare to fight." Riley drew his pistol and Allen threw up his hands, saying: "I'm unarmed; give me a chance to fight." At this time friends separated the two men, but early Monday morning Mr. Riley was on the street swearing vengeance against Allen. He was standing on the southwest corner of the square when Allen drove by in his carriage on his road to the postoffice, where he stopped and alighted. Riley followed him and stationed himself at the door when Allen entered. After getting his mail the latter started toward the door, where he met Armstrong, who held Riley during the previous difficulty. When they were near the door Riley stepped out and confronted them. Drawing his pistol Riley exclaimed: "Tom Allen, defend yourself."

Armstrong jumped and grappled with Riley, attempting to wrest the weapon from him. Allen, who by this time had drawn his revolver, told Armstrong to let Riley loose, as he was ready for him, and Armstrong jumped out of the way. Then the firing began. There is a difference of opinion as to who fired the first shot, but they were all in rapid succession. Riley fired two shots and Allen four. When the shooting had ceased Allen calmly put his weapon back into his pocket. Riley, who had fallen after the fourth shot was fired, was picked up dead. Two bullets had taken effect. One had entered the right eye and passed entirely through the brain, while the other had entered the right side of the body between the fifth and sixth ribs. Either would have proved fatal. Allen escaped unscathed, but his 10-year-old son, who had witnessed the affair from the carriage, received one of the bullets in the calf of his leg. Allen walked to the jail unaccompanied and asked to be locked up.

Riley came to Lebanon several years ago from Fleming county, Kentucky. He was always esteemed a good citizen, but a bad man to have trouble with. He had indulged in no less than four shooting affairs prior to this one, but none of them resulted seriously. Allen has always borne a good reputation. He is a native Kentuckian. Both men were wealthy and influential.

Over Twelve Hundred Buried.

Moscow, June 2.—There were 1,277 victims buried Monday. The bodies of those who were identified and claimed by relatives were interred in private graves, but at the expense of the municipality. The great number of the unidentified dead were buried in eleven great trenches, each fifty yards long. The trenches were deep, and the mutilated bodies had to be placed close together to find room for them all. It is estimated that a total of 3,600 persons were killed and 1,200 persons injured, the majority of them fatally, by that disastrous crush on the Khodjinskofe plain on Saturday morning.

Maine Republicans Meet Today.

Bangor, Me., June 2.—The republican state convention to-day will indorse the action of the recent state convention in regard to the tariff and the money question, and will probably contain a plank favoring legislation for the protection of American shipping.

Ex-Senator Jones Improving.

Des Moines, Iowa, June 2.—Ex-Senator Jones, who has been seriously ill for several days, is reported as better. His condition shows marked improvement.

SILVER MAY PREVAIL.

Chairman Harrity Said to Be Downcast Over the Situation.

Chicago, June 2.—Chairman W. F. Harrity, of the democratic national committee, is not so confident that the silver democrats will not control the Chicago convention as he was a few weeks ago. He admits this frankly, but sturdily declares the "sound-money" element of the party will continue its fight until the last. The news of the silver victories in Indiana—which state Secretary Sheerin now con-

cedes to the white-metal men—and Kentucky is what shakes Mr. Harrity's faith in the ultimate triumph of the gold-standard faction. Chairman Harrity reached Chicago at 9 o'clock yesterday to attend a meeting of the subcommittee which has charge of the convention arrangements. The session was called to order at the Auditorium annex at noon. Besides Mr. Harrity, there were present E. C. Wall, of Wisconsin; Colonel Thomas Sherey, of Kentucky; Secretary S. P. Sheerin, of Indiana; Ben Cable, of Illinois; Colonel John G. Prather, of Missouri, and Sergeant-at-Arms Martin.

Discussing the situation Mr. Harrity said: "I believe a fairly amicable adjustment of the issue will be reached. It is possible the free silver element will have a majority sufficiently large to control the convention. No, I do not look for a split. In fact, I am satisfied there will be none. Democrats, as a general thing, recognize the right of the majority to rule, and they are willing to accept the result."

"Furthermore, I feel that the St. Louis convention will have the effect of clarifying the atmosphere a good deal for us. We can judge better then what we want to do."

But a short session was held, and that was devoted entirely to consideration of a few detail matters. It did not appear to be a good day for doing much work.

JOIN THE NEW PARTY.

Large Number of Prohibition Workers in Ohio Will Secede.

Springfield O., June 2.—Springfield, as one of the strongholds of the new national party organized at Pittsburg, as the result of the split in the prohibitionism, is just now the center of interest, owing to the fact that two of the foremost leaders of the broad-gaugers reside here—Editor R. S. Thompson of the New Era, and the Rev. Alva Crabtree, prohibition nominee for secretary of state. These gentlemen, with J. D. Thomas, of Hodgenville, Ky., secretary of the national party, and D. Ward King, of Maitland, Mo., yesterday launched the craft of broad-gaugism by announcing that within the next few days nine-tenths of the candidates on the state, district and county tickets would resign. The following resignations have been sent in: The Rev. Alva Crabtree, of Springfield, nominee for secretary of state; Joseph Love, of Coshocton, for dairy and food commissioner; M. B. Chase, of Marion, for supreme judge; L. E. Miller, of Springfield, chairman of Clark county executive committee.

For Altgeld and Free Silver.

Hillsboro, Ill., June 2.—The Montgomery county democratic convention met here and selected delegates to the state, congressional and senatorial conventions. The delegates were instructed for John P. Altgeld for governor. Resolutions were adopted favoring the free coinage of silver at the ratio of 16 to 1, and instructing the state delegation to support no one for delegate to the democratic national convention who does not favor free coinage at that ratio.

Edwardsville, Ill., June 2.—The Madison county democratic convention met at Alton Monday. Morrison was indorsed for president of the United States and Altgeld for governor of Illinois. A resolution was passed declaring for the free coinage of silver at 16 to 1.

Shot Him and Cut His Throat.

Nevada, Mo., June 2.—John E. Blair and his son, Alva Blair, attacked the former's son-in-law, Henry Anthony, on the street Monday afternoon with revolvers and knives. Over twenty-five shots were fired at him and seven of them struck the victim. Anthony ran down the business part of the town and the Blairs overtook him and cut his throat in the presence of 200 people. Both of the Blairs at once gave themselves up to the sheriff and are in jail.

Mrs. Gresham Gets Pension.

Washington, June 2.—President Cleveland has signed the bill granting a pension of \$100 a month to Mrs. Gresham, widow of Walter G. Gresham.

FINAL VOTE TAKEN ON BUTLER BILL

FATE OF THE MEASURE TO BE SETTLED.

Senate Will Declare Its Sentiments As to the Question of Prohibiting the Issue of Bonds—Phillips Labor Bill Passed—Pension Vetoes—Capital News.

Washington, June 2.—The final vote on the Butler bill to prohibit the issue of bonds will be taken in the senate today. No exact time for the vote has been fixed, the agreement being that it shall be taken before adjournment. Most of the session yesterday was given to debate on the bill, Mr. Cullom speaking against it as a step toward repudiation and Mr. Brown (Utah) in favor of this bill or of a resolution offered by him declaring that "the secretary of the treasury has no authority under the act of Jan. 14, 1875, to issue bonds in addition to those already issued, and that any such bonds that may hereafter be issued by him would be without authority of law and void."

In introducing a bill for building the Nicaragua canal, Mr. Morgan (dem., Ala.) said it would be most appropriate for the senate to pass the canal bill of last year. Final action could not be expected at this session, but in connection with the favorable action of the house it would give satisfaction to the country.

Mr. Sherman's request for a vote at 4 p. m. on the filled-chess bill was objected to by Mr. Harris (dem., Tenn.).

The partial conference report on the Indian appropriation bill, which has been contested for three days, was further debated. No action was taken up to 2 o'clock, when the bond bill was taken up, and Mr. Cullom spoke in opposition of the bill.

Mr. Stewart (rep., Nev.) followed in support of the bill. Mr. Stewart was pried with questions by Senators Palmer, Vilas and Allison. Mr. Vilas wanted to know of Mr. Stewart would he be satisfied if silver was made a legal tender up to \$50? Mr. Stewart replied that this would hamstring and bind the limbs of one of the metals.

Mr. Allison asked if Mr. Stewart's silver plan contemplated the issue of silver certificates before the bullion was coined.

Mr. Stewart said he would issue certificates at once and coin as fast as possible. There was no doubt, he said, of the ability of the government to coin silver with sufficient rapidity for the needs of civilization. He would undertake to coin \$500,000,000 a year on a contract to receive the mint charges.

The final conference report on the fortifications appropriation bill was agreed to and also a partial report on the sundry civil appropriation bill. A partial conference report on the post-office appropriation bill was approved.

Not a Soldier's Widow.

Washington, June 2.—The president Monday returned to congress three private pension bills with his veto in each case. In the case of two of the bills, granting pensions to Mrs. Amanda Woodcock and Jonathan Scott, both originating in the house, he points out that, owing to careless descriptions in the bills, the pensions could not be paid under their terms. In the other, a senate bill granting a pension to Helen M. Jacob, the president forcibly sets out his objection to allowing pensions to widows of soldiers who remarry.

Phillips Labor Bill Passed.

Washington, June 2.—The house Monday passed the Phillips labor bill under suspension of the rules. It provides for the creation of an industrial commission of twelve members, three representatives each of labor, agriculture, manufacture, and business, salaried at \$5,000 each; each group to have a legal adviser at \$5,000; the duties of the commission to be to investigate questions pertaining to immigration and the other subjects mentioned, and to recommend legislation to congress.

Convention Auditorium Repaired.

St. Louis, Mo., June 2.—The convention auditorium has been repaired and was turned over to the Business Men's League yesterday. The dedicatory exercises will be held June 10 and on that day the national committee will meet in the city. At that time it is probable that a temporary chairman and secretary will be elected.

"Kid" Lavigne Defeats Burge.

London, June 2.—"Kid" Lavigne, of the United States, fought "Dick" Burge Monday evening before the National Sporting club for the international lightweight championship of the world, a purse of £700 (\$3,500) and a side bet of £500 (2,500). Lavigne won easily in seventeen rounds. The fight was to be limited to twenty rounds.

He May Have Committed Suicide.

Butte, Mont., June 2.—An unknown man who committed suicide here is now believed to be Pastor Hermann, who is accused of the two murders in his church at Salt Lake, Utah. The body answers the description of the accused in almost every particular.

ASSISTANCE ASKED FOR THE LOSERS

ST. LOUIS IS IN NEED OF OUT- SIDE AID.

Municipal Assembly Adopt Resolutions to That Effect—Distress Is Widespread—Police Have a List Of About 120 Missing Persons—Subscriptions Are Received.

St. Louis, Mo., June 2.—Both houses of the municipal assembly of St. Louis last night adopted resolutions asking for aid for the cyclone sufferers. It will thus be seen that the house of delegates is not in accord with the position taken by the mayor that outside aid is not needed.

The house of delegates adopted a concurrent resolution offered by Mr. Cronin, thanking the City of Chicago for her generous offer of aid, and especially the committee which came to the city personally to lend aid to the city and to offer financial assistance if needed, and an order appropriating \$20,000 for cleaning up the wreckage in the streets.

MANY STILL MISSING.

Police Have a List Comprising About 120 Persons.

St. Louis, Mo., June 2.—The list of persons missing since the terrible tornado of last Wednesday is appalling. At present the police have about 120 names, which are given below:

Charles and Eddie Appel, 8 and 6 years; Louisa Arnica, John Brouters, Henry Reichenbacher, C. M. Brown, John Bergeest, Carl Brandenberger, John Connelly, Springfield, Ill.; Alphonse Conning, Earlington, Ky.; William Crooks, Mamie Conrad, Charles Coles, William Cook, Joseph Dorsey, Joseph Detzer, Mrs. Florence Davis, Stephen O. Chambermaid of the steamer J. J. Odell. Eleven persons, names unknown, supposed to have been drowned on steamer Libbie Conger. Carpenter of the steamer City of Vicksburg. Four school girls, supposed to be in the ruins of the Souldard market.

The work of clearing up the debris and repairing the damage left by Wednesday's storm continues with unabated vigor. The best news of yesterday was that occupants of the demolished city hospital, forty or fifty of whom were reported still under the ruins last week, are all accounted for.

In East St. Louis, where it is related that at least 100,000 people visited the ruins, there was a terrible crush at the depot Sunday night when they started to return home. The trains were inadequate to accommodate the multitude and many had to remain there over night. An official estimate to the loss to shipping has not yet been made and will not be until the submerged boats have been examined. The first estimate of \$2,000,000 has dwindled down to less than \$500,000, and the chances are that these figures will be reduced materially. Five persons were certainly drowned and probably others.

Among the subscriptions received is one of \$500 from Cotes, Son & Co., of the National Bank of Scotland in London, England, and \$1,000 from Helen M. Gould. A mass meeting of citizens has been called for Tuesday afternoon to consider the advisability of appealing for outside aid for the relief of storm sufferers. The call is signed by a number of prominent Germans, South Broadway merchants, and citizens of the devastated portion of South St. Louis. It states that the loss of property is greater than was at first supposed, it being estimated at \$20,000,000. For this reason, the call continues, assistance is sorely needed and the generous offers of numerous cities of this and foreign countries should not be declined.

St. Louis, Mo., June 2.—Both houses of the municipal assembly of St. Louis last night adopted resolutions asking for aid for the cyclone sufferers. It will thus be seen that the house of delegates is not in accord with the position taken by the mayor that outside aid is not needed.

The house of delegates adopted a concurrent resolution offered by Mr. Cronin, thanking the City of Chicago for her generous offer of aid, and especially the committee which came to the city personally to lend aid to the city and to offer financial assistance if needed, and an order appropriating \$20,000 for cleaning up the wreckage in the streets.

TALK FOR BLACKBURN.

Kentucky Democrats Want the Senator Indorsed.

Lexington, Ky., June 2.—Senator Blackburn arrived here last night, as did his lieutenants, Oliver James, C. K. Wheeler, Henry Martin and Senator Goebel. Talking of Senator Blackburn, one of the party said: "We intend to recommend him for president on Wednesday. There is nothing else to it. We are going to endorse him for the nomination, whether he wants it or not. All of western Kentucky is with me, and from the way the returns come in from this section it looks as if the balance of the state is the same way."

The gold men who supported Blackburn will try to prevent the convention passing resolutions condemning Secretary Carlisle, no matter what it does regarding President Cleveland. They will hold a conference with Blackburn at the earliest possible moment and try to persuade him to advise his friends to adopt this course. It is conceded that Blackburn will be a delegate-at-large to the Chicago convention and will therefore head the Kentucky delegation. The other delegates-at-large have not been decided on.

SMALL HOPE FOR GOLD.

Secretary Morton Says Silver Sentiment Is Growing.

Washington, June 2.—Secretary Morton returned from his long trip in the west yesterday. He has been gone five weeks, has traveled about 10,000 miles and has seen a good many people and a good many things. He gives up all hope of a "sound money" majority at Chicago. He concedes the silver wing of the party a majority of 100 or more, and expects them to nominate a ticket and frame a platform which will be directly contrary to the policy of the present administration. He hopes the republicans at St. Louis will declare for a single gold standard, although he fears that convention will also be more or less influenced by the silver agitation and offer a sop to the opposition.

"The silver sentiment is universal all over the west," said the secretary, "and it is growing. There is no hope of electing gold candidates anywhere in the west."

Silver Fight in Indiana.

Indianapolis, Ind., June 2.—The result of the contest between the two wings of the democratic party in Kentucky has, it is said, brought a good deal of cheer to the headquarters of Gov. Matthews. The men who are managing his campaign have believed all along that he would get some support in that state, and the letters they have received were of an encouraging nature. Bath county, the county in which the governor was born, instructed for him, and the information is that he will get the votes in all parts of the state. Agents of the governor will attend the state convention to see if it is possible to persuade it to instruct for him.

Army Worm Appears in Iowa.

Omaha, Neb., June 2.—Some full-grown specimens of the army worm were brought to this city Sunday from the grain fields of W. Z. Lloyd, an Iowa farmer, who resides one and one-half miles from Atlantic. The worms appeared on the farm of Mr. Lloyd Sunday morning and traversed portions of fields of barley, timothy and blue grass and at length attacked a field of corn, completely destroying everything in their track. The worms are supposed to have been washed down the Nishnabotna river during the late freshets. Reports of a similar nature have been received from other portions of Iowa.

Body of Blaine to Be Moved.

Augusta, Me., June 2.—The body of the late James G. Blaine will be taken from Oak Hill cemetery, Washington, and will be brought to this city. Mrs. Blaine has decided to have both the body of her husband and her son Walker buried here and the removal will occur probably this month. Mrs. Blaine has purchased three acres on the front of Burnt Hill for the purpose. If Col. Coppinger is willing the remains of his wife, daughter of Mrs. Blaine, will also be brought here.

Burned in a Mine Explosion.

Shamokin, Pa., June 2.—Five miners were horribly roasted by an explosion of gas at the Buck Ridge colliery Monday. Two of them are dying from their injuries, and there is but slight hope of the recovery of the others. The victims are: George Faust, cannot recover; Samuel Faust, recovery doubtful; Thomas Thompson, will die; Daniel Schmeltz, may recover; John Specht, may recover.

The men were employed in a vein which was known to be full of gas. They proceeded cautiously and were using safety lamps while brushing the gas from the chamber. Suddenly there was a loud explosion, and five men were hurled to the floor, surrounded by flames.

Reed Doesn't Want Second Place.

Boston, Mass., June 2.—The Boston Journal prints the following dispatch from Bangor, Me.: "I have never written to Mr. Hanna or to any other person that the Hon. Thomas B. Reed would accept the nomination for vice-president. On the contrary, I know that Mr. Reed will not accept this nomination under any circumstances. We expect to nominate him for president."

MILWAUKEE STRIKE FAR FROM ENDED

BUT FEW PEOPLE RIDE ON THE CARS.

The Receipts Do Not Pay the Operating Expenses, But Both Sides Remain Firm—Vice President Payne Says the Company Will Not Surrender.

Milwaukee, Wis., June 2.—The main body of the public remains true to the cause of the striking street car employees, and the number of people carried now does not begin to pay for the operation of one line. All hope of a compromise has been abandoned, as Vice President Payne has announced that the company will not give in under any circumstances.

CULLOM UPHOLDS BONDS.

Declares That Their Prohibition Would Mean Repudiation.

Washington, June 2.—Senator Cullom spoke at considerable length in the senate Monday against the pending bill to prohibit the issue of bonds. He said in part:

"No one on this floor deprecates the issue of interest-bearing obligations by this government in time of peace more than I do. But does any senator imagine that the cause which made the issue of bonds necessary, and which may require further issues, can be removed by simply passing a bill prohibiting it? The consequences of the passage of the bill, if it shall become a law, to my mind are so far-reaching as to be simply appalling. In my opinion, it would be the undoing of all that has been accomplished since the passage of the resumption act. It would mean the repudiation of our obligations. Its tendency would be to place this country at once upon a silver basis. It would seriously endanger every business concern in the country which has weathered thus far the terrible financial storm of the last three years. It would throw out of employment hundreds of thousands of laboring men and women who had begun to hope that the dawn of brighter days was at hand. It is wholly wanting in common honesty and would forever be a blot upon the page of American history."

Mr. Cullom declared that the United States alone could not restore silver as money, and added: "What the nations need is an international conference and ratio agreement, and every day makes it clearer to me that such a conference is sure to come, and I believe very soon. I am in favor of using all the silver as coin we can, and we may be able to use even more than we are now using, but the question of the standard should be settled. We should not depart from the gold standard until we can have the co-operation of other great commercial nations. For such a settlement of the financial question I hope and look."

WORK IN HARMONY.

American and British Marines Protect the Town of Corinto.

Managua, Nicaragua, May 15.—In view of the fact that the government controlled the wires at the time, the correspondent of the Associated Press here has been compelled to send by mail an account of the landing on May 2 at Corinto of a force of about 100 American and British marines from the United States cruiser Alert and the British cruiser Comus, who, acting in the most perfect harmony, occupied that port and protected, until May 4, the property of foreigners in the custom house and at the railroad station, subduing a riotous and drunken mob which threatened to cause most serious disturbances.

Will Present Allison's Name.

Des Moines, Iowa, June 2.—Senator W. B. Allison has chosen John N. Baldwin of Council Bluffs to present his name at the St. Louis convention, and this is said by politicians to remove all doubt of the Iowa man remaining Baldwin is a personal friend of Mr. Allison and is one of his most enthusiastic admirers. His reputation as an orator and as a public speaker extends beyond the limits of the state of Iowa, and the selection of him for the honorable position of sponsor for Senator Allison is received with much satisfaction in his own district.

Court Reverses a Riot Case.

Ottawa, Ill., June 2.—In the Spring Valley riot case, brought by the Spring Valley coal companies against the city of Spring Valley for payment of nearly \$10,000 worth of merchandise carried away by a mob on the night of July 6, 1894, the Appellate court reverses the judgment of the lower court, which was favorable to the city, and remands the cause for a retrial.

Mr. Clarkson Is Much Better.

New York, June 2.—James S. Clarkson of Iowa, whose illness was reported to have taken a serious turn, is said to be much improved.

Skated for His Christmas Dinner.

Thomas Goss, a Maine farmer, 82 years old, skated three miles on the Kennebec river to eat Christmas dinner with a friend, and after dinner skated the three miles back home again.

THE COUNCIL HELD A BUSY SESSION

MATTERS OF INTEREST AT- TENDED TO LAST NIGHT

Amend the Charter So As to Raise Money For School Purposes—Salary Of the Chief Engineer Increased \$300 a Year—Other Proceedings.

Janesville aldermen last night: structured the mayor to borrow \$4,000 for the fire and water fund.

Heard an ordinance read that would allow the council to raise more than \$18,000 for the school board.

Voted to increase the salary of the chief engineer from \$300 to \$600 per annum.

Heard the school board's reasons for asking for an increase of money for school purposes. Refused to give Hall & McFlynn's circus reduced license rates.

Heard two petitions to vacate streets or alleys. Awarded the contract for furnishing cedar posts, to F. H. Bros., lumber to D. Jeffris, and sewer pipe to Albert Schaller.

Heard the city engineer's report regarding a way to get rid of the water at Magnolia avenue.

Heard the mayor protest against raising the chief engineer's pay, and then all voted "aye."

Ordered the clerk to draw an order for \$20, payable to C. S. Nichols & Company, for getting out the edition of "Headlight."

Paid a number of bills, ordered street repairs; heard reports, etc.

Granted William Bugge a permit to build. Heard a "smoke ordinance" read.

Board of Education Reports.

All the aldermen were present. The reports of the school board for March and April were received, referred, reported back as correct, and ordered published.

The report of the board regarding the amount of money necessary for the maintenance of the schools was received. It said that \$26,000 was needed, as on July 1, 1895, there was a balance of \$5,793.91 in the school fund. The estimated balance this year will not exceed \$1,500 on July 1. The board received \$1,500 less from the state and county last year than they did the year previous and estimate that they will receive \$1,100 less this year than last, so that they are to receive from the state and from the balance left over for this year something over \$5,000 less than last year, while expenses will be practically the same. The matter was referred to the school and finance committees, and afterward the ordinance mentioned in another place, was introduced to remedy the difficulty.

Hall & McFlynn, the Evansville showmen, asked that the circus license be reduced from \$50 to \$5 per day, but the matter was referred to the license committee and Chairman Stoddard afterward reported unfavorably and the clerk was directed to enforce the ordinance.

William Bugge was granted permission to move and remodel his coal office, the chief engineer reporting that while the ordinance forced him to refuse the permit, the change would not increase the fire hazard.

The chief engineer's quarterly report was received and placed on file.

Want Streets Closed.

The petition from the New Gas Light Company, asking for the vacation of Sheldon street, north of the gas house, on which the company owns all the abutting property, was referred to the highway committee, as was also the petition of the St. Paul Railway Company and others, asking that an alley connecting with that street be vacated. Mayor Baines said, in referring the petitions, that he hoped the committee would go slow in vacating any street as the city could not buy them back after they were once vacated. The petition stated that the street and alley had never been used. City Attorney McElroy afterward stated that the petitions were not in due form, as the plat, etc. had not been filed with the register of deeds as the law provided, so no action was taken.

Bids for furnishing the city with lumber, cedar posts and sewer pipe were then opened, they being as follows:

Fifield Bros., per post.....19c's.

contract to Fifield Bros., and the pipe contract to Albert Schaller.

City Engineer Bleedhorn's report regarding the taking care of the water at Magnolia avenue, was heard; referred to the highway committee, and further time granted. The plan provides a system of drainage to cost \$650, as follows: Grading \$50; culvert \$250, and open drain \$350.

Chairman Heddles' report, ordering the payment of a number of bills was adopted.

Raise The Chief's Pay.

Chairman McKey, of the fire and water committee, reported in favor of raising the Chief Engineer's salary from \$300 to \$600 per annum provided that he gave all his time to the city.

Mayor Baines then said that business men had assured him that they would fill the office for the present salary. The office, he continued, was largely ornamental, and he did not think it necessary for a man to devote his whole time to it.

The matter was then put to a vote and the committee report adopted without a dissenting voice. Alderman McLean said that he should vote for the adoption of the report.

"The matter was brought to my attention last winter by the city attorney," he said. "Mr. McElroy stated that if the chief engineer attended to his duties under the wire and building ordinances, that it would take all his time. Therefore I will vote for the adoption of the report."

Chairman Milmore of the highway committee reported in favor of taking no action in regard to repairs on South Bluff street, and in favor of paying William Boos \$30 for sprinkling in front of the High and Central schools. Both reports were adopted.

Chairman Kitchman, of the Lighting committee, asked for further time in the matter of the petitions for gas lights in the First ward, and the request was granted.

Two New Ordinances.

Alderman Stoddard introduced an ordinance regulating the emission of dense smoke from locomotives, engines, or smoke stacks, which was referred to the judiciary committee.

Alderman Stearns introduced an ordinance amending the uniform charter provision in regard to raising money. It was ordered published, and will come up again on June 29.

Alderman McLean stated the Janesville edition of "Headlight" had been delivered according to contract, and was satisfactory.

Alderman Heddles' order that a fire alarm box be placed at the corner of Magnolia avenue and Washington street, was referred to the fire and water committee, and orders were adopted as follows, after which the council adjourned:

Alderman Kitchman—To repair the drinking fountain in front of the park on Main street.

Alderman Burnham—To repair Milton avenue by filling the holes in the street with screened gravel, and cleaning the gutters, so the water will run; also that the city engineer prepare and file a grade for Hyland street. Second ward.

Alderman Heddles—An order for a new sidewalk in front of 4 and 5, Bump & Smith's addition on Maple Court; to build a block cross-walk across Bluff street, on the east side of Terrace street; across Washington street on north side of Olive, and fix or build a culvert to carry off the water, clean the gutters on terrace street north of Bluff and build a block cross-walk across Mineral Point avenue on east side of Pearl street; also that the mayor borrow \$4,000 and place the same to the credit of the fire and water fund.

Alderman McKey—To serve legal notice on owner of lots to build sidewalks on Carrington and South Second streets, repair Milton avenue by filling the holes with screened gravel, clean the gutters of said street, South Bluff street and Wheeler street, and build plank walk across Groe street from P. E. Neuses' to E. R. Laman's corner.

By Alderman Milmore—To serve legal notice for a new sidewalk at southeast corner of Jackson and Dodge streets on both streets; also to make necessary repairs on Pleasant street bridge and on the streets, between the rails of the street railway.

By Alderman Heddles—For a plank walk on the east side of the park to intersect with the block crosswalks on Jackson street and Mineral Point avenue.

By Alderman McLean—To clean the gutters and clean from streets in Fifth ward where needed; also that the city clerk draw an order payable to C. S. Nichols & Co. for \$200, in payment for Janesville's edition of "The Headlight," to be paid from the general fund.

The benefits to be derived from advertising are in the future as well as what you may get at the present. Advertising is something like making a snowball—the farther you go the bigger it grows. If, after you rolled your snowball a little distance, you stop rolling it and begin another one, you are expending an extra labor instead of accumulating, while if you had kept on rolling the old ball it would soon grow to much larger proportions than any new one you could start.

CENTER WILL MARK UNCLE SAM'S BIRTH

BIG CELEBRATION OF THE FOURTH OF JULY.

John M. Whitehead One of the Speakers—Memorial Day Is Celebrated In the County—Commencement Exercises At Evansville—Other News Of Old Rock.

Center, June 2.—Center is planning the greatest Fourth of July celebration that was ever undertaken here. A one hundred foot steel flag staff has been ordered, which will be raised that day and with games etc, it promises to be a great event. Hon. John M. Whitehead, Supt. W. M. Ross, Rev. I. S. Spencer and others will deliver addresses and the flag will be raised under the directions of the G. A. R. Refreshment privileges are under the direction of Fred Vankirk, M. M. Ross and George Whitmore and are being readily taken. Our creamery is running in good shape in spite of the ruling low prices of butter. Mr. Dorr, the manager, is giving excellent satisfaction. Rev. I. S. Spencer delivered a very able address on Memorial day, at Footville, following which the graves at the Grove cemetery were decorated as usual. Mr. Quimby, of Evansville, who recently purchased A. L. Fisher's farm is making improvements. Several farmers have commenced setting tobacco, but there is less tobacco talk in Center this year than there has been for a long time. The many friends of "Grandpa" John Crow will be pained to learn that his health is failing fast. His extreme age, eighty-eight years, makes it doubtful if he will stand very more attacks of his heart trouble. James Newkirk and wife spent Sunday in Stoughton. Fred Vankirk and wife Sunday in Janesville. The Center "Buckeye" ball team defeated the Fulton, on Saturday, by a score of 7 to 5. A good game is promised for the Fourth, at Center. The Christian church will hold an ice cream social at William Dean's, on Wednesday evening. Everything is free and everybody invited. The orchestra will be in attendance and a good time is promised.

COMMENCEMENT AT EVANSVILLE

Graduation Exercises Went Off Without a Hitch—The Week's News

Evansville, June 2.—Thursday evening the graduating exercises were held and the largest class that has yet finished the high school course, received their diplomas, they being eighteen in number. Long before the time for beginning, there was scarcely a standing room in the opera house. The stage, under the management of the class of '97 was beautifully decorated, mostly in green foliage and ferns, and draped in white and light blue, the Seniors' colors. The orations were good and well rendered and all were the recipients of many beautiful bouquets and other tokens of appreciation. A double quartette from the University of Wisconsin furnished good music, assisted by a pianist and violinist. The class of '97 will number nearly the same. All regret that Prof. E. E. DeCon will not be in the high school next year. The alumni reception was given the following evening, and all were well pleased with the music furnished by the home orchestra under the leadership of Professor C. Dickermann. Memorial day exercises were held in the opera house. Rev. M. C. Miner's address was one of the ablest efforts ever given upon such an occasion here. The recitations by Miss Cusick and Jay Stair were well rendered. Several of our prominent citizens went to First Lake one day last week. In spite of the rain they report a good time. Robert Graham is rejoicing over another son. Evansville's base ball team is getting to the front. They played the Fort Atkinson team, Saturday, and won the game, the score being 8 to 5. Sunday they played the Jefferson team, and the score stood 21 to 14 in favor of our boys. We have not learned where the next game will be played. At the interscholastic contest in Madison, Saturday, the Evansville boys took fourth place, winning fourteen points. This is a good showing, as they competed with some of the first athletic clubs in the state. M. Miles, a former teacher in the high school, graduated last week from Rush Medical College, Chicago. Miss Mae Palmer left Thursday for a trip of several months in Wisconsin and Minnesota, traveling for a ladies' furnishing house. The flowers which have been added to the mounds south of the depot are a great improvement and much admired by passing passengers. If the company would add another mound the improvement would then be complete. Mrs. W. T. Flaherty of Pelican Rapids, Minnesota, is here visiting her mother and sisters. Mrs. D. Heddles, of Edgerton, is spending a few weeks with her son, Frank Heddles and wife. Mrs. Maud Holsington, of Kendall, is visiting her mother, Mrs. M. Backenstoe. Misses Lois and Mabel Griffin, of Oregon, were guests of friends during commencement. Forest Pond, of Beloit, spent the latter part of the week here with J. W. Morgan's. Rev. W. W. Stevens and wife, of Fort Atkinson, called on friends Friday. Mr. and Mrs. John Turner, of Belvidere, are visiting relatives here for a few days. Mrs. H. H. Blood is spending a week with her father in Beloit. Mrs. Fred McKinney was down from Madison on Sunday. Mr. and Mrs. Levi Shaw, of Chicago, are calling on old friends. Stella Crow, of Center, visited

Blanche Crow, over Sunday. Mattie Snyder of Janesville, visited Kittle Bigelow last week. Mrs. Flora Winston is up from Chicago. Mr. and Mrs. Charles Hollister of Ravenswood, Ill., Sunday here with their many relatives and friends. Charlie Skinner has returned from his Michigan trip. Alice VanWormer has gone to Monroe to spend her summer vacation. Mrs. Kittle Clark Smith of Edgerton, is here visiting her parents. Misses Mina Fessenden and Maud Ames of Clinton, recently visited relatives here. Clement Boynton of Beloit, and Leon Saxton of Darien, Ill., were guests at Lyman Johnson's during commencement. Seminary graduation on the lawn, June 9.

MEMORIAL DAY AT MILTON

G. A. R. and Public School Children Marched—Other News Notes

Milton, June 2.—The Memorial day exercises on Friday forenoon were well attended. The G. A. R. and children of the public school marched from the school building to the Seventh Day Baptist church, where an interesting program was presented by the children and an address by Post Commander R. V. S. L. Maxson. Principal Clarke made some appropriate remarks also. The column moved from the church to the cemetery, where the Grand Army service took place and the graves of the dead heroes were decorated. Mr. and Mrs. J. J. Noble and their children spent Saturday with their parents, Mr. and Mrs. Ezra Crandall. Miss M. A. Flaville enjoyed Memorial day with Janesville friends. Rev. C. E. Carpenter broke the Bread of Life to the Seventh Day Baptists Saturday morning. Invitations are out for the wedding of James Carr and Miss Charlotte D. Maxson. The event occurs on the 10th inst. F. C. Dunn's horse fell into the cistern at the rear of his block Friday afternoon, but was rescued after a sturdy effort, without suffering serious injury. The Seventh Day Baptists will administer the ordinances of baptism at Clear Lake next Saturday afternoon. Feth-

THE OVERFLOW OF LOCAL NEWS.

POLLS ARE OPEN FOR C.E. BALLOTS

CONDITIONS ARRANGED BY LOCAL ENDEAVORERS.

It Had Been Intended to Limit the Vote to Coupons Cut From the Paper But An Allowance On New Subscriptions Has Been Made By General Request.

June 1 the polls opened for the Christian Endeavor convention ballots. Somebody will go to Washington as The Gazette's guest next month.

Who it is to be the vote will determine.

It was intended at first to have no voting except by coupons clipped from the paper. The premium allowed for new subscribers in the piano contest two years ago, was a source of complaint, so many blocks of votes being transferred from one candidate to another at the last moment. Consultation with members of the three local Christian Endeavor societies, however, resulted in a change of plan. It was urged by all the young people interviewed that allowance be made for new subscribers as well as for coupons. Their arguments decided the matter but it was determined that no voters should be transferred after being once recorded. The conditions of the vote will be as follows:

Any one, anywhere in any state is entitled to vote.

Cut out the coupon (trimming on the dotted lines.) Write in the name of your candidate, and send to Ballot Editor, Gazette, Janesville, Wis.

Only one person can be voted for on one ballot.

None but members of the Janesville Christian Endeavor societies are eligible as candidates. The winner will have railroad and Pullman fare paid from Janesville to Washington and will have hotel expenses paid throughout the convention.

Votes may be sent in at any time. The polls close July 1 at 9 o'clock p. m.

The votes allowed on new subscriptions paid in advance will be:

New subscriber paid in advance one month, 100 votes.

New subscriber paid in advance two months, 250 votes.

New subscriber paid in advance six months, 900 votes.

New subscriber paid in advance one year, 2,000 votes.

Each new subscriber who pays in advance and casts the number of votes specified is entitled, of course, to cut coupons from the paper from day to day, and vote in the regular manner.

No person shall be allowed extra votes for stopping his paper and having it sent to another name at the same address. In every instance they must be bona fide new subscribers. No person will be allowed to stop his paper on Monday, start it again Tuesday and claim the premium.

WASHINGTON COUPON.

ONE VOTE FOR

The person receiving the most votes between June 1 and July 1, will have railroad fare to Washington and return, as well as hotel expenses in Washington during the National Christian Endeavor Convention, paid by the publishers of The Janesville Gazette.

An Advance In Dictionaries.

Another advance in dictionary making has been made by G. & C. Merriam Co., publishers of Webster's International Dictionary. The new edition is commended by educators and philologists almost without exception. The definitions are clear, explicit and full, the different meanings are given in their order of development, the pronunciation is shown carefully, and it merits the verdict "invaluable in office, schools and home."

AFTON MARKS MEMORIAL DAY

S. M. Smith Makes an Eloquent, Patriotic Speech—The Exercises

Afton, June 2—The citizens of Afton and vicinity crowded Lawton's hall to overflowing on last Saturday evening in honor of the dead heroes. The program opened with prayer by Rev. C. D. Mayhew, followed with a song by the Woodmen quartette. F. P. Starr, who acted as chairman of the exercises, then spoke of the sacredness of the day, the gratitude of the nation for her dead defenders, and made a plea for the united brotherhood of man. The pupils of the school rendered a number of selections in a creditable manner. The address of the evening was delivered by S. M. Smith of Janesville, who spoke in an earnest, eloquent manner. His address was scholarly and full of burning patriotism and a grand tribute to those who lie beneath grassy mounds. A quartette composed of U. G. Waite, A. B. Waite, E. Hammel and J. B. Humphrey rendered several selections that reflected much credit to them. The hall was beautifully decorated.

CLEAR LAKE CROPS ARE GOOD

Corn Planting Is Finished and Tobacco Is Being Set.

Clear Lake, June 2.—The crops are fine in this part of the country. Some are setting tobacco. Corn planting time is past. Quite a good many from these parts attended the Decoration day exercises at the Junction Friday. School has closed for a twelve weeks' vacation. Commencement exercises occur June 9 at the Junction. Mrs. C. Stockman and Mrs. Archie Hadden visited at Janesville Saturday and also took in Decoration day. Amos Amos Camp is improving, after a short sickness. Mr. and Mrs. Oscar Olson, of Delavan, are visiting Mrs. Olson's parents, Mr. and Mrs. V. Corless, near Clear Lake. There was a dance last Thursday night at the Tillman hall. Richard Barnes is putting up a foundation, and is going to build on his farm. Fishing is quite good.

Barkers Corners Happenings.

Barkers Corners, June 2.—Wesley Vanhise and family of Hanover, spent Sunday with Walter Taylor. Memorial exercises were held in the Grange hall by the G. A. R. Mr. Wheeler of Janesville, gave a very pleasing address. After leaving the hall they went to Mt. Olive cemetery, where the exercises were completed by decorating their comrades' grave. Dr. F. L. Glen of Janesville, called on friends in this vicinity last week. Those from away attending church here on last Sunday were Mrs. and Mrs. Glenn and son Fred, George Richardson from Rock River, and Dr. Crane from Elgin, Ill. The Young People's society held an ice cream social in the church last Thursday evening, and had a good attendance for a cold night. The proceeds, which were eleven dollars, they give to help repair the church. They will give another one in the near future. Watch for the date. Young People's meeting every Sunday evening at 8 o'clock. Everybody is invited to attend. The Ladies' Aid society meets with Mrs. Harriet Paul, Thursday afternoon, June 4. Wallace Noey spent Sunday with his brother Lewis.

South Clinton News.

South Clinton, June 2.—Ben Tige went Beloitward Friday. Hattie Bellinger came down from Clinton Sunday. J. Dresser returned Sabbath evening after a week's visit in Beloit, with his brother Clarence. The prayer meeting was held at W. E. Dresser's, last Thursday evening. J. A. Crockett was leader. Mr. Titus of Beloit, and his friend, Mr. Cork, visited at Chas. Dresser's, last week. Will Thom and wife drove down from Janesville Friday and spent the night at W. E. Dresser's. They took in Decoration day at Clinton, returning to Janesville the same day. Mrs. E. L. Benedict visited Beloit Thursday. Mrs. H. Clarke, of Shopiere, spent a short time here not long ago. Mr. and Mrs. Erwin Bates are very happy. It's a baby boy, and all is well. John Weirick and son, of Shopiere, called among our people last week. It keeps Mr. and Mrs. E. S. Westby busy these days, looking after things at both ends of the line.

Gossip of South Turtle.

South Turtle, June 2.—Mrs. and Miss Maxworthy attended Sunday school in the Murray district Sunday, also Hattie Bellinger of Clinton. Mrs. Osborne is gaining slowly. Rev. Mr. Osborne comes out every night on account of Mrs. Osborne's severe illness. John Crockett, assessor, is on the war path. Dr. Jones while returning home from a visit to his patients was thrown from his buggy at Benedict's corner and had his leg broken at the ankle last week Sunday. He set the broken limb and Charles Gault took him to Clinton. The neighborhood prayer meeting which was to have been held at Mr. Crockett's last Thursday evening, was held instead at Mr. W. E. Dresser's. In consequence of Dr. Jones' mishap, Dr. Nye of Beloit, was called at J. A. Crockett's.

The Englishman and the Khedive.
An amusing story is related in the Windsor Magazine of an awkward predicament in which an Englishman once found himself in Cairo. The writer of the article on "The Turk at Work" says: "It is a common practice at a state banquet to beg distinguished guests to carry away with them the little cup from which they have drunk as a memento of their host's hospitality. Being aware of this, an eminent Englishman, after dining at the Khedival palace in Cairo, pocketed his zarf in obedience, as he believed, to the instructions of one of the officials murmured as usual in the, to him, unknown tongue. His embarrassment was great when, as he arose from the table, some attendants approached him with trays on which was displayed an assortment of little jeweled vessels. Would offend, they petitioned, deign to choose one of these and restore to them in its place the cup in his pocket, which was one belonging to a service used by Mehemet Ali, and was encrusted by some of the finest diamonds in His Highness' possession? 'I felt as if I had been accused of running off with the spoons,' concluded the Englishman genially as he illustrated his anecdote by displaying the little goblet which he had been unable to avoid accepting as a substitute for the pilfered treasure."

How a Bird Helped in Battle.

During the summer of 1690 there was war in Ireland and the soldiers suffered very much. One evening, after a long march, they were so tired that they lay down for a short sleep, when it would have been wiser and better had they remained on the watch for the enemy. Among the soldiers was a little drummer boy, whose eyes, like those of his elders, were fast shut. Just before he fell asleep, he had been eating his rations, and some crumbs of bread had dropped on the head of his drum. A little wren, perched overhead in one of the trees, saw these crumbs and flew down to them. As she hopped about on the drum the tapping of her beak awakened the little drummer. He opened his eyes and was startled to see the enemy advancing. Quickly he beat the signal of alarm, which roused the soldiers and put them on their defense.

Money and Religion.

Money and religion are the two greatest concerns of men. One sums up all that pertains to this world, and the other relates to the world to come. Accordingly, we see that one of the chief tendencies of men is to keep their money for themselves as long as they can, and then control it after they are dead, if possible. But there is still a stronger propensity to make others accept their religion while they are here, and then to enforce it some way upon mankind when they are gone.

EARLY SUMMER MUST-HAVE'S

It's absolutely necessary to have one, and in many cases, all, of the things we talk on in this ad.

For instance, hot weather makes the keeping of the food and eatables generally untainted—a rather hard task unless your refrigerator is in good shape. You should have one large enough to keep all the table stuff in.

THE ILLINOIS AUTOMATIC combined Refrigerator and Water Cooler is the best on the market. We handle other kinds as well and think you should see them before you buy.

Why not keep the lawn nicely cut and have it look as well as your neighbors? We can give you a good

LAWN MOWER FOR \$2.75 and have better ones for a little more money. Our stock is large.

SCREEN DOORS & WINDOWS

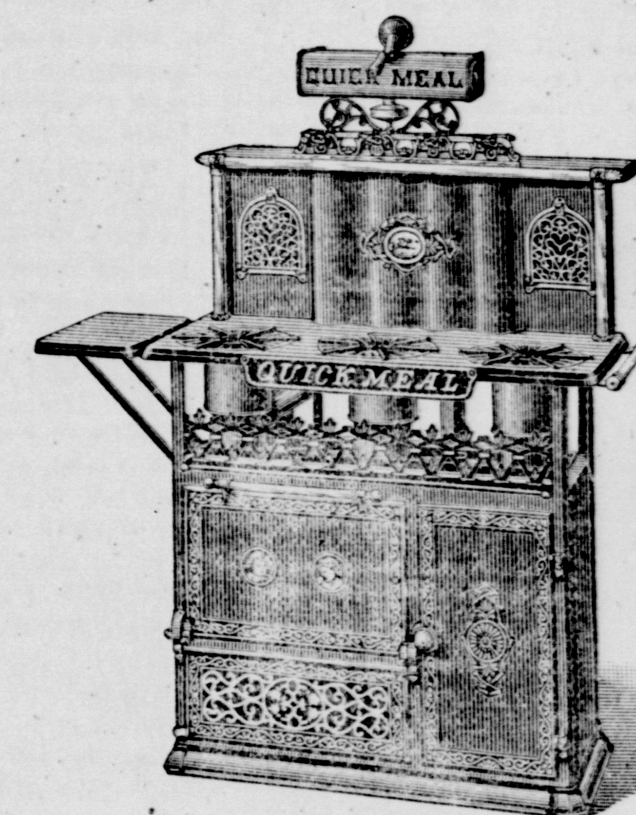

A great stock of them. The kind you don't have to swear about while putting them in or taking them out. You can't kick about the price they are so cheap.

CLEVELAND SEAMLESS HOSE

No seam to leak or rot. It lasts twice as long as other Hose and is cheaper in the long run.

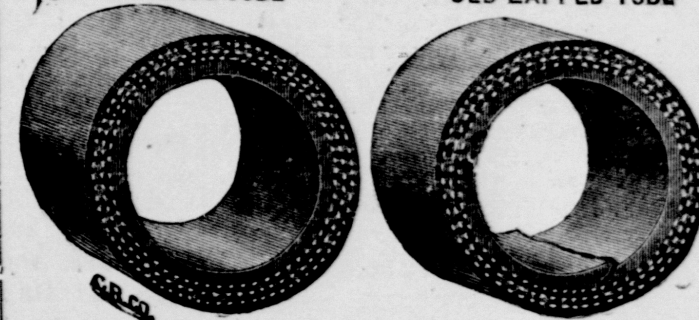

You can't explode.....

QUICKMEAL GASOLINE STOVE It's an impossibility. They cost but one cent an hour per burner to run and are the only stove for summer use. Are you acquainted with its good qualities?

GRADUATION PLANS ABOUT COMPLETE

COMMENCEMENT EXERCISES BEGIN NEXT FRIDAY.

The Seniors' Class' Play, "A Serious Family" Will Be the First Event—Linden Quartette and the Tennesseans to Sing—Program So Far As Arranged.

Next Friday "commencement week" will begin and the graduates are now all busy with their preparations, although the Woodmen's picnic has taken some of the local interest from the exercises of the week. Still the opera house will be filled each evening with the friends of the graduates.

The initial exercises will be held on Friday evening, June 5, in the form of a play "The Serious Family" given by the Juniors. The play is a translation from the French, and is a bright comedy affording much amusement. The parts are taken as follows:

Amindab Sleek, a sanctimonious old fraud, the principal of the Serious Family...
Charles Raymond, a close follower of the tenets of Amindab Sleek...
Lucy Akin, daughter of Lady De Creamly...
Mrs. Charles Torrens, daughter of Lady De Creamly...
Jessie Schield, formerly a "good fellow," but now a member of the Serious Family...
John Whiffin, Emma Torrens, sister of Charles...
Luella Conroy, Captain Murphy Macgure, a former chum of Charles Torrens, a first rate fellow...
Joseph Vankirk, Mrs. Ormsby Delman, a dashing widow...
Mabel Harper, Frank Vincent, servant of Charles Torrens...
Ralph McGuire, Graham, maid of Mrs. Ormsby Delman...
Tessie Gibbons, Smith's Orchestra will furnish special music.

The class as a whole have materially assisted with the preparations. The members are:

Messrs—
George Barker, Hugh Hemmingway,
Hugh Joyce, John Pickett,
Henry Scott, Everett Fisher,
Wallace Steadman, Fred Palmer.
Misses—
Harriet Bostwick, Luella Croft,
Katie Mackin, Genie Conway,
Lulu Leffingwell, Katie Knight,
Anna Cullen, Agnes Lynch,
Jessie Farnsworth, Jessie Metcalf,
Cecie Gatewey, Gertrude Skavlem,
Mamie Kniff.

Monday and Tuesday evenings will be of interest to all, and not entirely in the line of the usual graduating exercises. There will of course be some orations, but besides this the pupils are preparing short illustrated talks with experiments, lantern views, charts, etc. In this connection are heard mysterious allusions to "X-rays," "acetylene gas," bread and cake making and other things.

Another feature will be one of the finest concerts ever presented in Janesville. The Linden Quartette, the oldest and best male quartettes in Chicago, will furnish the music. This quartette sang in the concerts of the Chicago Marine Band with great acceptability.

Wednesday, the class will hold their class day exercises at 8 p. m. This will be a thoroughly humorous set of exercises, and will be appreciated by even the strangers within our gates who are attending the Woodmen's picnic. It will consist of a number of scenes portraying the humorous side of school life, besides good music, drills, and Indian club swinging. The prices for this entertainment will be 35, 25 and 15 cents.

Thursday evening the large class of fifty-eight pupils will receive their diplomas, and words of admonition from the president of the board of education, T. W. Goldin. At this time, also, orations will be delivered by members of the class, interspersed with music by the famous Original Tennesseans, sent out by the Redpath Lyceum Bureau.

In order to avoid the crowding of spectators who come merely to hear the music, and having no interest in the exercises or the graduates, a small admission fee of ten cents, will be charged on Monday, Tuesday and Thursday, which will secure a reserved seat. The box office will be open for choice of seats as usual.

Friday evening the usual alumni banquet and reunion will be held.

FOREST CITY CAMPS COMING IN FORCE

ROCKFORD WOODMEN SENT DELEGATES HERE.

The Over the Town, and Select Church Parish House As the arters For the Representa s of that City—Other Plans.

The advance guard of the Woodmen reached Janesville this morning from Rockford, in the person of Dr. T. H. Calhane, F. E. Humeston F. E. Holmes and W. A. Fay. These four men represented Camps No. 20, 49 and 51 of the Forest City, the aggregate membership of these camps being two thousand. The morning was spent in viewing the town and the visitors said there was no reason why Janesville should not care for the crowds and show the Modern Woodmen of America the event of their lives.

Selecting headquarters for the Rockford delegation was one of the objects of this visit, and after looking over the city the committee awarded the privilege to Christ church parish, and the Parish house will be the rallying place of Rockfordites who come up on June 10.

While the Rockford people will make their headquarters at the Parish house, they will get their meals at All Souls church.

Regulate Stands and Teams.

Chief of Police Acheson said this morning that no lemonade or peanut stands would be allowed in the parks, as the booths would interfere with the movements of the thousands who will throng the parks on that day.

All teams will be kept off the business streets on the day of the picnic, so as not to interfere with the parade, or endanger human life.

Superintendent W. W. Collins, of the Mineral Point division of the St. Paul road, arrived in the city this morning, to make preparations for the reception of the Woodmen. A car of lumber has arrived in the yards, to be used in making improvements about the depot, and Superintendent Collins says that work will commence at once.

HOT BASE BALL GAME TOMORROW

Business Men and the Y. M. C. A. Nines Are To Meet.

In all probability considerable oxy-hemoglobin will be lost, and many base hits made at Athletic Park tomorrow afternoon. Incidentally, and as a matter of course, some cuticle must be lost and a few bats broken, but it will "all be a part of the game"—between the business men's nine and the Y. M. C. A. team. The umpire—who is now in hiding near the "black bridge," and watching the steam shovel wave its arms, will come to town at 3 o'clock, and 3:30 he'll call play ball, "time," and as many "bluffs" as may be. Then the blood will flow, and the base hits be basted. An admission fee of twenty-five cents will be charged, but that includes the right to "holer" as much as you want; guy players, and ride in the ambulance, if you can catch on when it comes to take away the dead and the dying.

The teams will play as follows:

Y. M. C. A. Position. Business Men.
J. C. Kline.....Catcher.....Thomas Nolan
H. L. Brown.....Pitcher.....Tobias Larson
S. L. Sheldon.....ss.....George E. King
S. M. Smith.....1b.....J. F. Sweeney
S. S. Dixon.....2b.....J. W. Skelly
C. Brewer.....3b.....O. Sutherland
F. H. Jackson.....c.....C. J. Myhr
H. F. Car-enter.....c.....R. W. Putnam
Brown Fleek.....l. f.....A. C. Jenkins
Ned Whitton.....Substitute.....Dr. Joe Whitting

Arrangements are now being made for a game of base ball between the Y. M. C. A. and the first team of Beloit college, the game to be played in this city the first part of next week or the latter part of this week. As the Beloit nine are the champions in this part of the state, the game should be an interesting one.

WHERE KODAKS ARE MADE.....

To those who have already made their debut into the constantly widening circle of amateur photographers as well as to those who as yet are only "thinking about it," a word about the members of the Kodak family and where they all come from may be of interest. The original Kodak made its bow to the public in 1888. Its success was immediate and phenomenal. Up to that time the public had associated the photographic art with dirty dark rooms, disagreeable chemicals, fluttering focusing cloths and awkward tripod legs. "You press the button, we do the rest" was an invitation so tempting that it was rarely refused, and though the Eastman Dry Plate and Film Co. was already a large concern, its capacity was tested to the utmost in order to keep up with the popular demand for Kodaks. The history of the concern from that date has been one of marvelous growth and prosperity. Every year has seen new buildings added to its plant and new goods to the list of products.

For further particulars about Kodaks ask for a catalogue.

PROTECTION FOR FOREIGNERS.

Ex-President Harrison Points Out Some Needed Legislation.

In an article on "The Enforcement of the Law," General Harrison in Ladies' Home Journal, directs attention to the need of legislation to insure protection to citizens of other countries living in the United States: "There is, however, a class of persons in the states to whom the direct protection of the United States is due, though no proper legislation has as yet been passed to make it effective. I refer to the citizens of foreign countries who, under treaties we have with such countries, are domiciled in the states, and to whom such treaties guarantee the protection of the law. As yet congress has not legislated to give the United States courts jurisdiction of prosecutions for offenses against such persons, in derogation of their treaty rights. The killing of some Italian subjects in New Orleans, in March, 1891, and the demand of the Italian government for the punishment of the offenders, and for an indemnity, brought this strange and unsatisfactory condition of things very strongly to the attention of our government. The United States had made a treaty with Italy giving certain rights to the subjects of that kingdom living in this country. Yet when the demand was made that the offenders should be tried and punished we could only say the United States is powerless; we have left that to the state authorities and can only suggest that proceedings be taken by them. This was manifestly unsatisfactory. The United States made the treaty. Italy could not make a treaty with Louisiana, nor demand indemnity of her. * * * Like incidents have frequently occurred and will occur again, and congress should so legislate as to give the United States courts appropriate powers to protect those who are here in the 'peace of the United States.'"

How the Boy Would Say It.

Max O'Rell tells this story in the course of a paper on "Peculiar Children." A boy, reading from a play that was being translated at sight in class, came across the phrase, "Calmezvous, monsieur." He naturally translated this by "Calm yourself, sir." I said to him: "Now, don't you think this is a little stiff? Couldn't you give me something a little more colloquial? For instance, what would you say yourself in a like case?" The boy reflected a few seconds and said: "Keep your hair on, old man."

The stone to be tested is wetted and held against the edge of the disk by means of a spring clamp.

FIGHTS HIS RESCUER.

After Being Shut Up for Five Days - Cat Becomes Fiercious and Is Killed.

The family of Jacob Draudt, a grocer at Jackson and Madison streets, has been in a state of mind because of strange sounds, like the wall of a catamount, which have been issuing from their cellar for the last two or three days, says the Courier-Journal. The family was considerably inconvenienced, as well as intimidated. The case was laid before a police officer, who listened attentively to the sounds that came from within the cellar. They came from a part of the cellar which could only be reached through a narrow opening in the sidewalk; the man who went after him took his life in his hands. Officer Prather considered it his duty as a duly sworn officer to keep the public peace to go in after the disturber; so, armed with a hatchet, he began to grope his way through the narrow, dark opening. He had been gone but a few seconds when a wild scream came out of the pavement. Following this was a yell of pain from the officer. The crowd attracted to the scene was thrown into spasms. Some were for sending for a rescuing party but all appeared to be more disposed to stand by and listen. Then a yell of triumph from the dark recesses reassured the group and two or three tried bravely to crowd into the opening. Following this appeared the form of a black cat, spitting and clawing, but clutched firmly in a bleeding hand belonging to Officer Prather, whose smutty and scratched face was not long in showing out of the darkness. The black cat was the property of Mr. Draudt. It had been in the cellar for five days without food or water and was furious. When the officer dropped the cat to the ground it flew at him fiercely and buried its deep claws in his uniform over his breast. He struck the crazed animal one blow with the hatchet and put out what was left of its nine lives.

AMBASSADORS IN LONDON.

Extraordinary Privileges They Have Against Laws and Customs.

The foreign ambassadors accredited to the court of St. James are, as in fact the law looks upon them, little kings, being privileged beyond any subject in the realm, says Cassell's Journal. The law of nations has decided that the ambassador, like the royal sovereign, is above the law, a statement which implies that he may do just as he likes. It is certain that he may commit murder and not be liable to arrest by the myrmidons of New Scotland Yard; he may be guilty of robbery with violence, and no judge can threaten him with imprisonment or "the cat," he may forge, rob banks and even seriously assault the prime minister, and yet go quietly home to dinner without the least fear of being served with a police-court summons on the following morning. He can do more than this—he may actually endeavor to dethrone the queen, as did Mendoza, the Spanish ambassador, in Elizabeth's reign, or plot to take her life, as did L'Aubespierre, the French ambassador, in 1584, and yet not suffer the penalties of the law, for, though the arm of the law can take hold of most wrongdoers, the ambassador is an exception. It may be asked what can be done to an ambassador who, for instance, commits murder or treason? Has the state no remedy? All that the state can do in such cases is to oppose force to force, expel the offending minister from the country and make a representation to the ambassador's sovereign, requesting him to punish him for his behavior. In the event of the sovereign ignoring the request this would probably be a cause of war between the two nations.

Did a Misspelled Word Cause War?

An ingenious explanation of the action of Dr. Jameson is given by the London correspondent of the Birmingham Gazette. According to this Jameson with his men, were waiting for some word from Johannesburg. It came in a telegram worded thus: "Revolution carried, in compliance with your desire." That was the telegram received. The telegram actually sent from the Johannesburg committee was, "Resolution carried in compliance with your desire." That "v" instead of "s" made all the difference. Jameson made his plunge into the enemy's country, expecting to find the settlers in arms waiting for his coming. Instead he found only great masses of armed Boers barring his way. The Boers were fully prepared and expected his coming. This raises the curious suggestion, had they anything to do with altering the telegram? Was it a trap for the English raiders to draw them on in order to justify the quaint vulgarism of Kruger that when the tortoise put out its head they would cut it off.

There will be nine hundred hens laying for the incubators and ten thousand laying for the market.

SOCIETY IN JOHANNESBURG.

An American Woman Gives an Interesting Picture of It.

An American woman who has lived for a year in Johannesburg recently returned to New York city and surprised her friends by the stories she told of life in the South African town. Society there, according to her accounts, was more formal than one would find in New York, Paris or London, and the dinners and other entertainments were conducted with the greatest ceremony. The American's explanation of this was that Johannesburg society was made up of such unusual elements that its members believed safety was to be found only in the greatest dignity and formality. Even to let down the bars for a moment might bring disastrous results, so Johannesburg took its social pleasures with every restraint of the most formal society. The American woman said that all inquiries and embarrassing questions were ignored, and the inhabitants, realizing that they were in a far-off country and dependent on one another for society of any kind, made the best of the situation. The cost of living there was very high, but there was a great deal of money to be spent and the lavishness of the entertaining was said to be quite on a par with its severe punctiliousness. The best residences of the town are in the suburbs, which are laid out with the streets running at right angles, after the fashion of American cities. Few of them boast of sidewalks and the dust storms in the town are the least tolerable features of its life to strangers. Clothing, which is invariably imported from England, is the only thing that is reasonable, and it sells at prices little in advance of those in England. Rents as well as the wages of servants are from four to five times what they are in England. The native beef is poor, as the cattle are driven up from the Orange Free State to be slaughtered, and very expensive. English servants are there in plenty, as the natives are not generally competent, but the imported domestics are said to be very much affected by the life of the town. Vegetables are rare and poor, and a fortune is said to await the man who undertakes gardening in Johannesburg.—New York Sun.

A man's health is the rope by which he climbs to success. If he can keep his health, he will go on to success. Yet his health is the very thing he neglects more than anything else. It is easier to keep health than it is to regain it. When a man feels himself running down, when he realizes a loss of vitality and energy, he must call a halt. The strands of his rope are parting rapidly. Doctor Pierce's Golden Medical Discovery has helped thousands of men in just this condition. It makes health, it makes pure, rich blood, it forces out impurities and kills germs. It doesn't make any difference what name you call your trouble by—dyspepsia—kidney disease—rheumatism—consumption—skin disease, the "Golden Medical Discovery" will cure it absolutely. None of these diseases can retain hold on the body when it is full of rich, pure blood.

HIS HONOR'S TOOTHACHE

He Proved to Be More Than the Dentist Had Bargained For.

A good story is told of Judge W. D. Greer, a prominent lawyer of Paducah, says the Paducah Standard. Once during a visit to St. Louis he had a severe attack of toothache. He sought a dentist's office and was met by a young man who was scrupulously neat and clean. The latter bowed suavely and the judge began:

"I believe you profess to be able to extract teeth without pain?"

"Yes, sir," was the reply, "and if I don't do it I'll refund your money."

The judge was seated in the operating chair and the last thing he remembers was the dentist inserting a small tube in his mouth. He got a dose of gas and became unconscious. When he came to the young man was under a table, his erstwhile spotless shirt and collar covered with blood and his clothes torn up almost beyond recognition. He was desperately waving the judge off, saying all the while: "Get out of here! Get out of here!"

He seemed very anxious to have the judge get out but he couldn't be induced to leave his retreat under the table.

"Why, young man, what's the matter?" asked the judge, who didn't understand the situation, in surprise. "If I've done anything I'm willing to pay for it."

The young man obtruded his head for a moment, glanced reproachfully about at the demolished furniture and his own sorry plight, wavered for a moment and then exclaimed: "Pay! You get out of here!"

It seemed that the judge under the influence of the gas had cleaned out the establishment and the dentist didn't get the tooth, either.

Letter-Writing for Busy People.

"One of the best of all times to hold imaginary conversation with absent friends is when one is doing work commonly called tedious, because it is almost purely mechanical," writes Emma M. Hale in an article on "Letter-Writing for Busy People," in Ladies Home Journal. "When one's fingers are occupied and the conscience is easy, your thoughts should be at their brightest. I have never seen any inconsistency in reading a chapter from Herbert Spencer in the evening and thinking it over next day while paring potatoes for dinner."

Letter-writing may be the only literary work you ever do, so do not be afraid of obeying one or two fundamental rules necessary to success. It is well known that the best things you read have not been written once, but many times over, before they meet your eye on the printed page; but I have promised that you have only time to write your letters once, so try the plan of having good thoughts collected and classified for your absent friends, and you will gradually find that you have no longer cause for thoughts of regret that you are neglecting those you

love, nor they for reproaching you with forgetfulness."

Coyote and Jack Rabbit.

The Hon. H. H. Sappington was in the city Friday and brought up several coyote skins to be punched by the county clerk, says the Boyeman, Idaho, Chronicle. Mr. Sappington relates an incident, to which he was an eye-witness, that proves the coyote to be a sharp-witted beast. He was out in the hills near his ranch, when he noticed a coyote chasing a jack rabbit at the top of his speed. Away they went, the rabbit gradually curving his course and finally coming back to the starting point. Now suddenly a second coyote sprung out of hiding and took his turn at swinging around the circle, the tired coyote resting. They kept the performance up until they wore out the poor jack. Mr. Sappington was of the opinion that the coyote, in order to secure a dinner of jack rabbit, had entered into an arrangement with a brother coyote to join him in the hunt, for no wolf can singly run down a jack rabbit, and if the latter should run in a straight course no number of wolves could possibly catch it; but the rabbit nearly always runs in a wide circle, because it is its nature to return to its native slope or pasture.

Tried the Law.

A friend of Representative Culberson, of Texas, related the following incident:

"When Mr. Culberson was prosecuting attorney," he said, "there was a criminal statute universally disregarded. The indictment of a well-known man for violation of this law was secured through efforts of Mr. Culberson, who prosecuted the case with more vigor than almost any he had ever conducted, and succeeded in securing a conviction and sentence to the penitentiary. Then he left town and no one knew where he had gone until he and the prisoner, who had been taken to the penitentiary, returned together. Mr. Culberson had gone to the governor, obtained a pardon and met the convict at the penitentiary with it. The law had been vindicated and there were no more violations of that statute in Jefferson."

Germans Like Us.

America has far more attraction for a German emigrant than the colonies of Germany in Africa. Thus far only 700 Germans, including 250 officials, have taken up their residence in Cameroon and German East Africa. Even English emigrants, by a large majority, prefer the United States to the English colonies.
